

Taller paneling at all mudroom walls. Wrap taller panelling around corner by 2" to 3", Return shelf and small bedmolding to wall

Existing entry door casing

Wainscot shelf can return onto flat portion of existing casing.

Miter-returning small bed over bead on existing casing will be a pain, but I think doable and necessary.

Shaker pegs added into intermediate rail

More pegs on this side wall?

Return lower wainscot cap detail around corner. No plumb cuts, return all moldings into wall or stile

Lower wainscot down both sides of hallway. Baseboard heat removed in hallway

Baseboard left in tile floor of mudroom. Taller baseboard installed behind it

Talk to Robin about how many shaker pegs she wants
